

codebar

What is  
codebar?

**codebar is a GLOBAL, VOLUNTEER RUN, NON-PROFIT meetup with a goal**

# Goal

We want to help achieve  
a welcoming, equal and  
diverse tech industry

How?

Welcoming, safe & supportive environment for people underrepresented in tech to learn

Free bi-weekly workshops (working towards weekly!) hosted by different companies

One-off events such as 'build your first site', git workshops, introduction to JavaScript

No experience necessary!!! We encourage newbies and career switchers! AND coaches!

FAQs

- Students and coaches sign up via Github
- Invites get sent via email
- Students can choose a codebar tutorial  
(or let us know what they want to learn)
- We are hosted and fed by a different company every two weeks
- We eat and chat from 6.30pm until 7pm
- Students pair with a coach
- 2 hours of coding!!!

In 2017...

150+ workshops

55 organisers

10k+ members

In Berlin we need more:

Hosts

Students

Coaches

**codebar Berlin** @codebarBerlin · May 29

We are so excited to once again be hosted by the wonderful [@SoundCloud!](#)

😊 Please join us there at Rheinsberger Str 76/77, Berlin, 10115 on Monday 4th June! 📍

**codebar**

Making tech more diverse and welcoming by bringing people together and helping teach programming skills.
